— WEBSITE DEVELOPMENT PROPOSAL / MARCH 2026

Your Business Deserves A Professional Website.

A custom-built, fully responsive website that attracts customers, builds credibility, and works for your business 24/7. Designed, developed, and deployed end-to-end by Mirjy Technologies.

01 – THE PROBLEM & OUR SOLUTION

Why Your Business Needs This Now

WITHOUT A WEBSITE

- ✗ Customers searching online can't find you
- ✗ Social media alone means you don't own your audience
- ✗ Competitors with websites appear more credible immediately
- ✗ You lose enquiries and sales every single day

WHAT MIRJY DELIVERS

A fast, professional website that works as your most powerful sales tool presenting your services clearly, building trust with new visitors, and capturing real leads through forms and calls-to-action. You own it completely.

02 – WHAT'S INCLUDED

Everything Built for You

Custom Design

Unique look built around your brand colours, fonts, and layout that reflect who you are.

Mobile-First

Perfect on phones, tablets, and desktops where most of your visitors browse.

Easy Admin Panel

Update pages, images, and content yourself without technical knowledge needed.

SEO Ready

Built so Google can find you. Proper meta tags, fast loading, and clean code from day one.

Contact & Lead Forms

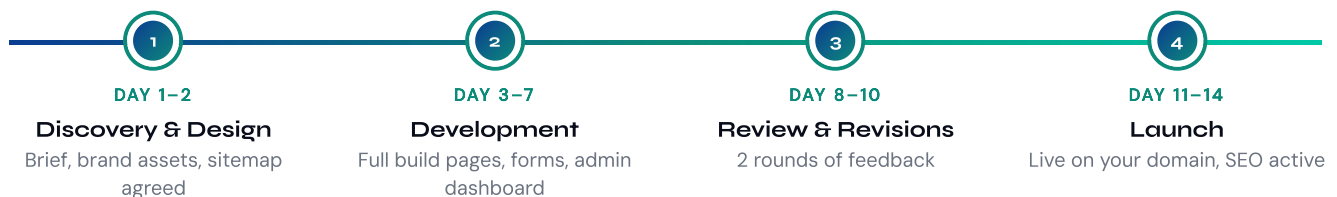

Capture enquiries 24/7 directly from your website into your inbox.

Hosting Included

First year of hosting included. Your domain is fully yours.

03 – DELIVERY TIMELINE

From Start to Live in 2 Weeks

05 — WHY MIRJY TECHNOLOGIES

Built Different, Owned by You

01

Custom, Not Template

Every website is built from scratch. You get something that truly represents your brand not a drag-and-drop template.

02

You Own It Fully

No platform lock-in. No monthly software fees. Once paid, the code, data, and infrastructure are entirely yours.

03

Local Expertise

A Ghanaian tech company that understands your market. Delivering international-quality work built for the local landscape.
